Features and Benefits

Learn how to set up and use safeguarding settings such as supervised experience for kids when they are on YouTube.

What specific content can I restrict?

What do I need?

A YouTube account (Email & Password)

Step by step guide

1

Get started with a supervised account This is great for parents who want to allow their child to transition from YouTube Kids to supervised access to the main YouTube platform. To create a supervised account: There are four different ways to access this. The following steps were completed from the YouTube app on a parent's device: Step 1 - Create and manage a Google Account for your child with Family Link. If you already manage a Google Account for your child with Family Link, skip to the next step. Step 2 – Sign in to YouTube with the Google Account you use as a parent manager of your child's account. Step 3 – Go to your profile picture. Step 4 – Select Settings then select Parent Settings. Step 5 – Select your child and follow the next steps.
